High Costs Affect Operation Greater Revenues Required

Changes in Bell Tolophone Rates - 1913 to 1918 Compared with Changes in Wages and Prices

CINCE 1913 there has been a steady increase in the price of all commodities and the products of industry, which has not been reflected in a corresponding increase in telephone rates. In order to meet the past and present high cost of telephone operation, a revenue in just proportion to the expense must be secured.

The reason is simple. The cost of telephone operation has steadily advanced both because of the increased cost of material and the increased living cost of employes. The consumer has realized the necessity of paying more for rent, for food, for clothing and for transportation. The telephone industry has been affected by the same conditions which have produced higher prices in all of the necessities of life.

Between 1913 and 1918, commodity prices advanced 112 per cent, wages advanced 72 per cent and Bell Telephone rates the country over advanced only 4 per cent. Adequate rates are needed if the service is to be maintained efficiently and on a comprehensive scale, so as to meet the increasing demands of the public.

This company is operating its telephone property under the direction of the Postmaster General for the United States Government and must secure sufficient revenue to cover the cost of rendering the service.

Stallion and Jacks

For Season 1919

Bourbon **Victor**

At Head of Stud

Two jacks, black with white points. Battler, 16 hands high, is known as one of the best breeders. Starlight is black with white points, 15 hands high. The above stock will make the season at my barn, five miles west of Clarksburg. Bourbon Victor is rich in color. This champion has the merit that breeders of fine horses demand, He is a fine individual, has the size, very fine head and neck, good back and the finest natural tail, good bone and best of legs and feet. He is a handsome horse, standing or in motion; goes all fine gates, is a natural saddle horse, goes high and straight with a world of speed and action. I believe you cannot breed to his equal at the price in the south. Come and see if he suits you. Stallon and jack's fee \$10 each. Care taken to prevent accidents. but not liable should any occur.
